COMPANY PROFILE · EST. 2017

ANAND TRANSPORT

Steel, pipe, bulk and project cargo — moved safely and on schedule from Gujarat to across India.

MITHAPUR · GANDHIDHAM · HAZIRA

ABOUT US

A SPECIALIST CARRIER FOR DEMANDING CARGO

Founded in 2017, Anand Transport is a **Mithapur, Gujarat**-based logistics company built around cargo that needs specialist handling — steel coils, long pipes, scrap, bulk commodities, containers and over-dimensional project loads.

An owned fleet of 20 trailers, backed by 100+ attached vehicles, lets us scale quickly — while customers deal with a single accountable partner from loading point to final site.

2017

Year established

VISION & MISSION

WHAT DRIVES US

OUR VISION

To be India's most trusted partner for steel, heavy, bulk and project cargo — known for safe handling and on-time delivery.

OUR MISSION

- Deliver every consignment damage-free through disciplined loading and securing
- Offer road, rail and escort solutions through a single window
- Keep investing in fleet, tracking and people
- Build long-term partnerships on transparent pricing and communication

CORE VALUES

Safety · Reliability · Transparency · Accountability

OUR SERVICES

TEN SERVICES, ONE ACCOUNTABLE PARTNER

01

02
Pipe Transport

03
Scrap Transport

04
Bulk Transport

05
Container Transport

06
Project Cargo & ODC

07
Crane & Earth-Moving Equipment

08
Escorting Services

09
Rail Handling Transportation

10
Container Cargo Securing & Packaging

SERVICES 01–02 · METALS

STEEL & PIPE TRANSPORT

STEEL TRANSPORT

Coils, plates, TMT bars and structurals — plant to stockyard, service centre or site.

- Coil cradles, saddles and chain lashing
- Tarpaulin cover against rain and rust
- Just-in-time dispatch aligned to plant schedules
- Weighbridge and LR documentation on every load

Fleet: 20 owned flatbed and coil trailers

PIPE TRANSPORT

MS, ERW, seamless, DI and HDPE pipes delivered to plants, depots and pipeline spreads.

- Long-length trailers for 6 m and 12 m pipes
- Wooden sleepers and chocks to stop rolling
- Pipe-end and coating protection
- Remote-site delivery for pipeline projects

Fleet: Attached 40 ft flatbed and extendable trailers

SERVICES 03–04 · LOOSE CARGO

SCRAP & BULK TRANSPORT

SCRAP TRANSPORT

HMS, shredded and industrial scrap collected at source and delivered to mills and foundries.

- Pickup from factories, yards and ship-breakers
- Tipper and high-side bodies for quick unloading
- Weight reconciliation at both ends
- Complete scrap-movement documentation

Fleet: Attached tippers and high-side trucks

BULK TRANSPORT

Coal, iron ore, clinker, fly ash, aggregates and fertiliser — loose or bagged.

- Full-truckload and multi-trip contracts
- Port, siding and mine-to-plant shuttles
- Covered loads to limit spillage and dust
- Trip-wise shortage tracking

Fleet: Attached tippers, bulkers and open-body trucks

SERVICES 05 & 10 · CONTAINERS

CONTAINER TRANSPORT & CARGO SECURING

CONTAINER TRANSPORT

20 ft and 40 ft boxes moved between ports, ICDs, CFSs and customer premises.

- Import and export haulage, port to door
- ICD, CFS and empty-yard positioning
- Coordination with CHAs and shipping lines
- Flat-rack and open-top boxes on request

Fleet: Attached 20 ft / 40 ft trailers

CARGO SECURING & PACKAGING

In-container lashing, choking and packing so cargo arrives exactly as it left.

- Lashing with belts, wire rope and chains
- Wooden choking, dunnage and bracing
- Airbags and anti-slip mats for void filling
- Photo record at stuffing to support claims

Delivered by: trained securing crew at origin

SERVICE 06 · PROJECT CARGO

PROJECT CARGO, PLANNED TO THE LAST METRE

Heavy-lift and over-dimensional (ODC) consignments for EPC, power, oil & gas and infrastructure projects — engineered before a wheel turns.

- Route survey: height, width, bridge and turning checks
- State-wise ODC permits and police intimation
- Low-beds and hydraulic axles sized to the load
- Loading supervision with crane coordination
- Escort and pilot support end to end

TYPICAL CARGO

- Transformers and reactors
- Boilers, columns and pressure vessels
- Wind turbine blades and towers
- Heavy machinery and gensets
- Bridge girders and structural modules

Low-bed and hydraulic trailers arranged through our partner network

SERVICES 07–08 · EQUIPMENT & ESCORT

EQUIPMENT MOVEMENT & ESCORTING

CRANES & EARTH-MOVERS

Excavators, loaders, dozers, rollers and cranes shifted between dealers and project sites.

- Low-bed and semi-low-bed trailers, 3–6 axles
- Ramp loading by trained operators
- Boom, bucket and attachment securing
- Site-to-site and dealer-to-site moves

Fleet: Attached low-bed and hydraulic trailers

ESCORTING SERVICES

Pilot and escort vehicles that clear the way for ODC and high-value movements.

- Front and rear pilot vehicles with beacons
- Route clearance and traffic management
- Liaison with traffic police and utilities
- Live transit updates to the customer

Fleet: Partner escort vehicles and crew

SERVICE 09 · RAIL HANDLING

RAIL HANDLING FOR LONG-HAUL VOLUMES

We manage the full rail-cum-road chain — road legs, rake loading and unloading at sidings and goods sheds, and handling labour — so you get one rate and one point of contact.

STEP 1
First mile by road

→

STEP 2
Rake loading at siding

→

STEP 3
Rail movement

→

STEP 4
Unloading at destination

→

STEP 5
Last-mile delivery

Lower cost per tonne

on routes beyond ~500 km

Large volumes in one go

a full rake replaces many trucks

Smaller carbon footprint

than an all-road movement

FLEET & EQUIPMENT

20 OWNED TRAILERS, 100+ ATTACHED VEHICLES

Cargo segment	Vehicle type	Typical capacity	Fleet
Steel coils & plates	**Flatbed and coil-well trailers**	**25–40 T**	**20 owned**
Pipes & long products	40 ft flatbed and extendable trailers	Up to 12 m+ length	Attached
Scrap & bulk	Tippers, bulkers and high-side trucks	20–35 T	Attached
Containers	20 ft / 40 ft trailers	1 × 40 ft or 2 × 20 ft	Attached
Project cargo / ODC	Low-bed and hydraulic axle trailers	As per load	Partner
Cranes & earth-movers	Low-bed trailers, 3–6 axles	Excavators, cranes, loaders	Partner
Escort	Pilot vehicles with beacons	Front and rear cover	Partner

INDUSTRIES SERVED

BUILT FOR CORE-SECTOR CARGO

- Pipes & tubes
- Oil, gas & pipelines
- Infrastructure & EPC
- Power & renewables
- Cement & mining
- Engineering & capital goods
- Ports & EXIM
- Steel, metals & scrap

HOW WE WORK

FROM ENQUIRY TO SIGNED POD

01

Enquiry & route survey

Cargo size, weight and timelines captured; route surveyed where needed.

02

Vehicle & load planning

Right trailer assigned, permits arranged, loading plan agreed.

03

Loading & securing

Supervised loading, lashing and covering at origin, with photo record.

04

Tracked transit

GPS visibility, escort where required, regular status updates.

05

Delivery & POD

Unloading support, signed proof of delivery and prompt billing.

SAFETY & COMPLIANCE

SAFE CARGO IS NOT AN ADD-ON

GPS tracking

GPS on all vehicles: live location and trip history on every trip.

Trained drivers

Experienced crew briefed on load-specific handling.

Permits & paperwork

ODC permits, e-way bills, LR and RTO documents handled in-house.

Securing checks

Lashing, chocking and covering verified before every dispatch.

Claims support

Customer holds transit cover; we supply documents and photos for any claim.

Vehicle fitness

Preventive maintenance and pre-trip checks to avoid breakdowns.

REACH & CLIENTS

WHERE WE OPERATE, WHO WE SERVE

HEAD OFFICE

Mithapur, Gujarat

BRANCHES

Mithapur, Gandhidham, Hazira

MONTHLY VOLUME

4,000–4,500 MT

COVERAGE

Gujarat base, pan-India road

OUR VALUED CLIENTS

- AM/NS India
- Welspun Corp
- Ratnamani Metals & Tubes
- Deep Seals India
- Surya Roshni

and more across Gujarat

WHY CHOOSE US

WHY ANAND TRANSPORT

ONE PARTNER, EVERY LOAD

Road, rail, escort and securing under one contract.

TRUSTED BY STEEL MAJORS

Serving AM/NS India, Welspun Corp and Ratnamani from Gujarat.

SAFETY ON EVERY TRIP

Disciplined loading, securing and tracking, every time.

ONE POINT OF CONTACT

A responsive team that owns the job from quote to POD.

THANK YOU
